JUNE 1997

A dramatic movie poster for the film 'Independence Day'. The top half of the image shows a dark, heavily textured, and cracked surface, resembling a giant alien ship or a celestial body, with a bright, glowing vertical beam of light emanating from its center. The bottom half shows a city skyline at night, with the beam of light shining down upon it, illuminating the buildings and creating a fiery orange and yellow glow. The overall color palette is dominated by dark reds, oranges, and yellows, creating a sense of intense heat and danger.
